The **MCSE certification** will allow IT professionals to demonstrate security-specific skills appropriate to the systems engineer job role, which includes designing, planning, and implementing security on Windows Server 2003. In addition, will allow individuals to show proficiency with Microsoft Internet Security and Acceleration (ISA) Server 2000, Enterprise Edition, or demonstrate security skills beyond the Microsoft platform.

This elective choice is part of our combo course - you do not need to be a "guru" in ISA or IIS. Remember, we are a test preparation course - we focus on what you need to know to pass your Microsoft exams. Our motto is: "FAILURE IS NOT AN OPTION".

Syllabus:

Core:

- * 70-620 - Configuring Microsoft Windows Vista - MCTS Vista Configuration Certification
- * 70-290 - Managing and Maintaining a Microsoft Windows Server 2003 Environment
- * 70-291 - Implementing, Managing, and Maintaining a Microsoft Windows Server 2003 Network

Infrastructure

- * 70-293 - Planning and Maintaining a Microsoft Windows Server 2003 Network

Infrastructure

- * 70-294 - Planning, Implementing, and Maintaining a Microsoft Windows Server 2003 Active

Directory Infrastructure

- * 70-298 - Designing Security for a Microsoft Windows Server 2003 Network
- * 70-299 - Implementing and Administering Security in a Microsoft Windows 2003 Network

Here are what a few students have to say about the MCSA / MCSE Certification Boot Camp Class:

"... provided expertise knowledge and professional training in an empowering 2-week MCSE camp. The instructors encouraged the class to succeed. Failure is definitely not an

option in this boot camp. Thanks for the great class"
Gary B. - Vineyard Haven, MA

"MCSE Boot Camp - a phrase that intimidated me at first, but by the time I completed it I can now imagine how accomplished those in the military feel. Not only did we have fabulous basic training, but the advanced support, individualized attention to detail, quality of the presentations and materials, succinct timing and testing - it a great experience and it was profitable! I'm proud now to be a MCSE and I've already received 2 new job offers! It's an investment worth making."
Molly M. - Milton MA

"Thanks for all your help with this! I have always wanted my Microsoft MCSE Certification and your MCSE Boot Camps helped me do it. Your MCSE boot camp was challenging - but, I did it. You are the best."

Gary P. - Somerset, NJ

The VUE testing center is available to you 24-hours a day. They have VUE Proctor on staff. When you are ready to test - you test. There is no set time-frame that you have to test. **You test when you are comfortable.** That is one of the advantages of being a Mobile VUE Testing Center.

Also, the instructors are also available to you 24-hours a day. The instructors stay with you at the hotel - they never leave. If you have any questions the instructors are there for you.

If you happen to have any problems picking up the material - they will provide you with more **one-on-one instruction** to help you prepare for the exam. Their goal is to help you reach your goal - MCSE CERTIFICATION.
